

In 2017 District 7690 Executive Committee enlisted the help of Past Rotary International Director Ken Morgan (D7710) in reviewing materials which had been collected in the District Archives located in High Point. As Ken worked through the materials he gathered materials he felt would be have historical value and interest. He organized these materials and provided the following description of his organization. It is hoped that from time to time Ken's list will be augmented with additional content details as they are developed. For details contact [Phil Morris](#).
